

# ALLWAYS PRO DISPOSABLE MOP

Disposable microfibre velcro mop for maintenance cleaning of surfaces up to 20 m<sup>2</sup>

The disposable microfibre velcro mop ALLWAYS PRO can be used universally. With a working width of 40 cm, it easily cleans floor areas of up to 20m<sup>2</sup>. This unimpregnated mop is quickly ready for use with the pre-wash method. The consumption of cleaning solution is low and heavy presses are unnecessary. It is ideal for use in hygienically sensitive areas such as hospitals and retirement homes. And the cleaning of smooth or slightly structured floors in offices, shops, sanitary facilities, schools, day-care centres, etc. also benefits from its convenient use.

ALLWAYS PRO impresses with its performance: with it, more than 99 % of microorganisms can be eliminated with water only on common floor coverings. The 3-layer construction ensures the disposable mop has excellent dirt pick-up and surface performance. The texture of the ALLWAYS PRO disposable mop ensures electrostatic and adhesive dirt absorption. A specially developed barrier loop foil fixes the disposable mop to the velcro mop holder and prevents contamination of the mop holder. This prevents the spread of germs.

## Areas of application

- For damp and wet cleaning in spot cleaning or maintenance cleaning of surfaces up to 20 m<sup>2</sup>
- Level of dirt: low to medium
- For smooth or slightly structured floors, tiles, hard floors, elastic floors
- Application in hygienically sensitive areas such as hospitals and old people's homes or offices, shops, sanitary facilities, schools, day-care centres, etc.
- Suitable for pre-wash folded in bucket

Code: 185181003

Dimensions: 42 x 13 cm

Working width: 40 cm / 16" Inch

Weight: ± 13,5 g

Packaging unit:

- 10 pieces folded in transparent bags
- 20 bags in carton (200 disposable mops)

Accompanying accessories:

- Code 1851830: Softpad for ALLWAYS, 42 cm
- Code 10204: Scandic Mono holder, 40cm
- Code 1890005: Scandic X telescopic handle
- Code 18917040: Adapter for Scandic Mono holder
- Code 18502: Measuring cup 2000 ml

## Your advantages

- For buildings without washing logistics or very small areas
- Removes >99% of microorganisms with water only (certified according to EN 16615:2015)
- A film layer prevents contamination of the mop holder with dirt and/or germs

- Up to 98%\* water savings compared to reusable
- Up to 35%\* CO2 saving compared to reusables
- Simply dispose of after use with normal commercial or household waste
- 100% recyclable, Made in the EU

\* Using the example of the annual consumption of an 80 m<sup>2</sup> shop without washing logistics with daily floor and surface cleaning from Mon.-Fri.

# ALLWAYS PRO DISPOSABLE MOP

Disposable microfibre velcro mop for maintenance cleaning of surfaces up to 20 m<sup>2</sup>

## Application

Pre-wash (soak) in the bucket:

- Place the unpacked disposable mop upright in a bucket with the folded edge facing downwards (see filling quantity below).
- Pour the cleaning solution evenly over the mop (see dosage maintenance cleaning below).
- Let the disposable mop with the cleaning solution soak in the bucket for 5 minutes.
- Take the disposable mop out of the bucket and lay it flat on the floor.
- Place the Scandic Mono velcro holder with soft pad on the mop and press down briefly.
- Without detaching the mop from the handle, apply a trail of water and start cleaning.
- After cleaning, remove the disposable mop manually from the soft pad via the fixing layer and dispose of it.

## Product performance

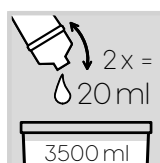

Surface performance	Up to 20 m <sup>2</sup>
Suitable buckets	Equipe 6 l and 8 l, Shopster 8 l
Filling quantity per bucket (recommendation)	40 mops

Dosage maintenance cleaning

10 mops (1 bag)

40 mops (1 bucket filling)

1-2 splashes = approx. 5 ml; 1000 ml = 1 l

The specified dosage and solution quantity are guide values and depend on the soiling and use in individual cases. They refer to a medium degree of soiling. We recommend our VERMOP dosing head.

## Product characteristics

Product category	Floor cleaning	
Product type	Disposable mop	
Finishing	Weld seam	
Holder fixation	Velcro	
Material characteristics	Viscose/PET/Microfibre	
Composition	_ Cleaning layer:	50% viscose/40% PET/10% microfibre, 75g/m <sup>2</sup>
	_ Absorption layer:	Fleece, 135g/m <sup>2</sup>
	_ Fixing layer:	Barrier foil PE, 35g/m <sup>2</sup>

## Product note

Storage, transport, waste	Store in carton or on pallets in a cool and dry place. Avoid direct sunlight. The product is not subject to the transport regulations for dangerous goods or chemicals. Disposal via landfill or incineration possible. Please observe local regulations.
