

| SPRINT V FLOOR CLEANING

THE SPRINT SYSTEM

- **Simple attachment:** Easy insertion of the holder into the pouches of the mop thanks to the V shape
- **Ergonomic working:** Hand-switch opening of the holder and mop discarding while standing upright
- **Hygienic:** No touching of soiled mops when discarding
- **Spotless cleaning results:** Optimum contact of the holder for very good dirt removal
- **Fast, labour-saving work:** Extremely manoeuvrable and smooth-running holder

YOUR ADVANTAGE

The Generation Sprint V flat mop holder guarantees dual time saving for daily use. Your cleaning staff can attach mops faster than ever before; thanks to the holder's V shape, it slips smoothly into the pouches of the mop. A further benefit is that new staff do not have to be trained specially! The holder also contributes to greater square meter coverage in premises cleaning as it is particularly light and manoeuvrable and allows a speedy mopping process, even in heavily-furnished areas. Furthermore, with the Sprint V holder, you are also investing into your staff's back health. The holder is opened via a hand switch while the operator remains in an upright position and the mop is discarded hygienically without having to be touched.

Bending down to lift up dirty mops is no longer necessary! Of course you can also have complete confidence in the cleaning performance of the Sprint V. The optimised contact surface of the holder ensures even mopping and very good dirt removal. Combine the Sprint V with the versatile and durable VERMOP Sprint flat mop and the Scandic telescopic handle for the right working height.

AREAS OF APPLICATION

- General cleaning
- Disinfectant cleaning
- Wet cleaning
- High degree of soiling

F1 flat wringer · Vertical wringer VK 4 · Des tub · Pre-Wash · Dosing sieve · Dry cleaning · Spray method · Pour method

Focus on ergonomics and healthy backs

Around 4,000 times a year, the average cleaning operative bends over to lift a soiled mop off the floor. At the same time, back pain is the most frequent reason for medically-certified sick leave. It causes 7% of all lost working days.* This is why, in developing cleaning equipment, VERMOP focuses closely on methods of use which are easy on the back. Optimise the working conditions of your staff with the Sprint V holder!

It is opened via a finger switch while the user remains upright and the soiled mop is discarded without bending.

Comfortable attachment

The equal-sided holder allows for the mop to be attached simply and quickly.

Dry pre-cleaning with cloth

To facilitate pre-cleaning in order to remove loose dirt, fleece cloths can be wrapped around the holder and clipped on.

Efficiency

Ergonomics

Energy saving

Combined with the Scandic telescopic handle with rotating ball, the holder glides over the floor with ease and minimum exertion.

Hygiene

Hygienic

Soiled mops can be discarded without being touched.

Manoeuvrable and fast

Thanks to the highly mobile joint and the low weight, the holder moves easily around all kinds of obstacles.

Efficiency

Very good cleaning performance

The contact surface of the holder is optimised to achieve even mopping results and effective dirt removal.

Suitable for all cleaning methods

The Sprint V holder can be combined with all cleaning methods. Ideal for cleaning with pre-treated mops and attachment directly from the transport box.

VERMOP – A STRONG PARTNER BY YOUR SIDE

VERMOP is one of the leading international manufacturers of products, systems and solutions for professional cleaning. Our traditional brand can look back on over 95 years of experience and is part of Freudenberg Home and Cleaning Solutions since 2023.

Our corporate commitment to quality has been certified in accordance with ISO 9001 for over 20 years, and we demonstrated our commitment to environmental issues when we received the ISO 14001 certification over 10 years ago. Simply closer: we provide a personal service which is available to you throughout Europe. Our sales representatives will provide onsite, professional and customer-oriented advice at any time.
