

FS 112 PRO

The ride-on machine in a class of its own

The VERMOP FS 112 PRO ride-on machine is the first scrubber drier from HEFTER Cleantech, a member of the VERMOP Group, which now also shines in the VERMOP corporate colours in terms of design. In addition to HEFTER's proven VARIOTECH® and TURNADO® technologies, which are combined inside this XXL machine, the FS 112 PRO is also digitally networked and connected to the VERMOP software solution for intelligent, professional cleaning. The machine's operating times and much more information can thus be viewed in real time via a web portal. And there's a 10-year warranty on the stainless steel chassis to boot.

Areas of application

- _ Ideal for large areas such as warehouses and factory halls, large bakeries, shopping centres, etc.
- _ VARIOTECH® and TURNADO® also allow cleaning in narrow dead ends and niches

Your advantages

- _ Digital networking
- _ Easy cleaning close to edges thanks to VARIOTECH® technology
- _ Cleaning even when reversing
- _ Optionally available with power steering
- _ Increasable brush pressure
- _ One-button start-stop system
- _ User-friendly handling
- _ Minimises the number of required machines
- _ Long service life due to XXL water tank and Quick-Change® battery systems

I FS 112 PRO

The ride-on machine in a class of its own

With the FS 112 PRO, economical cleaning is a breeze. In addition, the sophisticated VARIOTECH® and TURNADO® technologies offer maximum flexibility and mobility for mechanical floor cleaning.

Technical data

– Working width of brushes:	710 - 1120 mm	– Theoretical cleaning rate:	8960 m ² /h
– Working width vacuum barn:	790 - 1240 mm	– Max. driving speed:	8 km/h
– Total length / height:	1730 mm / 1520 mm*	– Max. water supply:	8,9 l / min
– Clearance width:	830 mm	– Noise level:	72 dB(A) / 66 dB(A) with BlueSave
– Tank volume:	220 l	– Traction motor:	900 Watt
– Gel battery, maintenance-free:	24 V, 275 Ah	– Brush motor:	2x 500 Watt
– Working time per battery charge:	approx. 2-4 Std.	– Vacuum motor:	2x 500 Watt
– Dead weight (including battery and driver):	695 kg	– Brush diameter:	285 mm
		– Brush contact pressure:	2,3 N/cm ²

*without hanger

The ride-on scrubber drier is available in the following product variants:

– Standard version with 150 l tank capacity:	FS 112	(optionally also networked)
– XXL version with 220 l tank capacity:	FS 112 PRO	(networked)
