

# TURNADO 82

The new step-on machine

Subject to technical and content modifications. No liability is accepted for errors and mistakes. The general terms and conditions of sale of VERMOP Salmon GmbH apply. Updated May 2022

Why run behind when you can also ride along? The TURNADO 82 scrubber drier with a working width of 82 cm and standing platform makes effective cleaning easier than ever. Equipped with HEFTER's sophisticated TURNADO® technology, which allows the suction and scrubbing head to rotate up to 400°, it offers drastically increased performance. The TURNADO 82 combines the manoeuvrability of a compact walk-behind machine with the performance of a large ride-on unit. Thanks to VERMOP's smart software solution to support intelligent, professional cleaning, the TURNADO 82 step-on machine is also at home in the digital world and transmits its movement data in real time. And speaking of time, we offer a 10-year guarantee on the stainless steel chassis to ensure long-lasting and sustainable use of the machine.

## Areas of application

- \_ Ideal for medium-sized areas (factory halls, shopping centres, municipal buildings, car dealerships, etc.)
- \_ TURNADO® technology also allows cleaning in narrow dead ends and niches

## Your advantages

- \_ Digital networking
- \_ High suction power
- \_ Outstanding manoeuvrability due to compact dimensions
- \_ Cleaning even when reversing
- \_ Large tank capacity
- \_ One-button start-stop system
- \_ User-friendly handling
- \_ Long service life due to Quick-Change® battery system
- \_ Electric lifting mechanism for the cleaning head

# TURNADO 82

The new step-on machine

The TURNADO 82 offers economical cleaning thanks to its outstanding flexibility and manoeuvrability. Clever technology, reliable and durable quality as well as networking options (IoT) truly distinguish this scrubber drier from the competition.

## Technical data

– Working width of brushes:	820 mm	– Theoretical cleaning rate:	4100 m <sup>2</sup> /h
– Working width vacuum barn:	910 mm	– Max. driving speed:	6 km/h
– Total length / height:	1500 mm / 1300 mm	– Max. water supply:	8,9 l / min
– Clearance width:	600 mm	– Noise level:	72 dB(A) / 65 dB(A) with BlueSave
– Tank volume:	100 l	– Traction motor:	600 Watt
– Gel battery, maintenance-free:	24 V, 180 Ah	– Brush motor:	3x 190 Watt
– Working time per battery charge:	approx. 2-4 Std.	– Vacuum motor:	500 Watt
– Dead weight (including battery and driver):	450 kg	– Brush diameter:	285 mm
		– Brush contact pressure:	1,4 N/cm <sup>2</sup>

## IMPORTANT NOTICE

The new TURNADO 82 step-on scrubber drier is expected to be available from Q4-2022.
