

# Brush Progressive Mop

## Areas of application

- Wet and damp cleaning of highly structured and coarse flooring
- For microporous flooring such as stoneware

The VERMOP Brush Progressive mop cleans all microporous flooring such as stoneware and coarse, structured flooring. The bristle stripes support mechanic dirt removal even in jointing and edge areas. The microfibre plush distincts itself through very good dirt removal and dirt absorption properties. Wet and dry cleaning can be combined in one mop, through the use of Twixter and Twix mops.
