

I EQUIPE MULTI-WALL

The smart system for maximum flexibility: the new multi-wall for the Equipe cleaning trolley

One system, undreamed-of possibilities: the new multi-wall for the Equipe cleaning trolley. A total of 17 insert positions offer you maximum flexibility when loading your Equipe cleaning trolley with 5, 15 or 35 l boxes. Combine again and again - depending on which materials you want to transport at the time. In addition to the new multi-wall, the Equipe cleaning trolley offers countless advantages, such as its clever configuration concept which allows a multitude of individual settings, or its combination with extension units for disposal and floor cleaning modules. Talk to your VERMOP consultant and find out more.

Areas of application

- Objects with changing cleaning requirements.
- Its flexibility means that the cleaning trolley can be adapted for any task.

Your advantages

- Hygienic safety - with the new multi-wall, the inside of the Equipe trolley can be easily cleaned or disinfected
- Maximum flexibility - combine 5 l / 15 l / 35 l boxes over and over again
- High compatibility - the multi-wall can be combined with all Equipe accessories (from 2018 onwards)
- Safe rail guidance - the stable system with integrated safety mechanism prevents the boxes from falling out
